EDUCATION

American International University-Bangladesh (AIUB) Jan 2024 – May 2027
BSc in Computer Science and Engineering | CGPA: 3.80/4.00

Gaibandha Govt. College 2020 – 2022
Higher Secondary Certificate (HSC), Science | GPA: 4.75/5.00

Gaibandha Govt. Boys' High School 2018 – 2020
Secondary School Certificate (SSC), Science | GPA: 5.00/5.00

TECHNICAL SKILLS

Languages:	Python, JavaScript, Java, C#, PHP
Frontend:	React, Next.js, HTML/CSS
Backend & DB:	Node.js, MySQL, MongoDB, Firebase, .NET
Machine Learning:	Pandas, NumPy, Scikit-Learn, Logistic Regression, Random Forest, CatBoost
Tools & Security:	Git, Docker, Linux, Kali Linux, Burp Suite, Acunetix

RESEARCH EXPERIENCE

Applied Machine Learning in Healthcare

- Developed a machine learning pipeline for Chronic Kidney Disease (CKD) risk prediction.
- Implemented predictive models utilizing Logistic Regression, Random Forest, and CatBoost.

PROJECTS

Bakery Shop Management System | C#, .NET WinForms, MS SQL Server

- Developed a desktop POS system featuring real-time inventory tracking and automated billing.

Dental Care Management System | PHP, MySQL, HTML/CSS/JS

- Built a full-stack platform for managing clinic workflows, appointments, and patient records.

Grocery Shop Management System | Java, OOP

- Created an object-oriented application implementing product catalogs and receipt generation.

EXTRACURRICULAR ACTIVITIES & INTERESTS

- **Cybersecurity Enthusiast:** Exploring web application security concepts, network fundamentals, and security automation tools.
- **Problem Solving:** Regular practice of data structures and algorithms on Codeforces.
- **Tech Community:** Active follower of emerging web development trends and advancements in AI/ML research.

- **Languages:** Fluent in Bengali, English, and Hindi.
